

.....My experienced in Singapore and Malaysia gave me more energy, ideas or knowledge and encouragement to my ministries and as Administrator in our Day Care Center.....

Mission casting- The reports of preachers from India, Myanmar and Philippines, (June 11- Deacon Swee Aun was the facilitator) shared their works and missions, it really encouraged to us all to be more committed to the work in the Lord's vineyard. I was encouraged with our gospel preachers from India, Myanmar so with Philippines for their missions to the respective Countries. Many souls to be restored, childrens needs guidance to the *CHANGING world* using the *UNCHANGING word of God*, and we need brethren to be involved to the work. I also heard from brother Eric Tan when he shared to us in Harbour front regarding his missions in China, it really challenged to us if we encounter people like in China. What I learned and must do is to pray for one another and have courage as Christ is in us always as we go and plant the word with a passion and commitment for the lord. Lets remember always the missionary journeys of Paul in the book of Acts.

Acquaintance-I was arrived in Singapore June 3 11:45 Pm, Brother Winston and sister Hong ngee pick me up at the airport, I met their sons Basil and Allister and their daughter Gillian, on the next day American couple (Bro. Ken & sister Debbie) that I met, then during SIBI class, I met lots of brothers and sisters who used To be my classmates for 3 days, and on the 7th of June I met Some old friends and new brethren in the worship hall, it was a joy and blessings to Me to get acquainted with brethren who really dedicated to God. You can see their zealous and commitment to the Lord. To get acquainted with brethren; preachers, ministers, deacons, Elders is a very good opportunity for you can share and ask prayers for your missions and families as well. As what Apostle Paul ask to the Thessalonians Christians (Thank you brethren) II Thessalonians 3: 1-5

Reflection- We are doing this very often- in the camp as we woke up early morning (June 11) it was a great and encouraging morning in Thistle Resort, for a numbers of campers who were there and shared and prayed together. With Elder Adrian headed the prayer walk, and he ask 4 men from Myanmar, India, Philippines and from PP who gave their very touching and eEncouraging words/testimonies before they became Christians, reflection can be a part of our meditations, we can broaden our mind and listen as we understand the needs of others. As God's children we are doing our best to be like HIM. (cf. II Cor. 3:18)

Knowledge- Having knowledge is part of our growth, I talked to brethren and I got ideas, learned their system as they are organized. SIBI is a very good training school for leaders, Preachers or Church workers, it can help us grow in knowledge and see the big pictures in helping the Church grow. Thanks to all the SIBI administrators (Brothers Charles, Tom, PP Elders, Deacons, Ministers, members) and to Brother Glen Gray. (II Peter 3:18; James 1:5; Joshua 1:8)

Edification-is one of the most important work in the Church.

Uplifting,

enlightenment was then observed and experienced before, during and after the Camp. During the prayer walk, I prayed with one Deacon, and one new member of the Church, both of them really encouraged me, I've seen their hearts and dedication for the Lord. our 3 nights room devotional is a very encouraging to me with our groups from Myanmar, India and most were from Philippines. thanks to brother Henry and sister Nat Kong for sharing to us about their experiences in the Lord's vineyard its really an encouraging to us as we go and work for the Lord's kingdom. many brethren who shared their blessings by encouraging, praying and spent time roaming around and have some thoughts of encouragement who are in our mind and hearts that served as and encouragement and edify me and my family. God bless you all brethren. (II Timothy 4:2; Hebrews 3:13)

Teachable-Is one thing that I observed and learned it before, during and after the Camp. We are one into Christ, But God gave us different talents, each of us knows his/her own ability, in which it will be use for the glory of God. Some are very good in music, in teaching, preaching, as speaker, in the organizations. Its not

the age or being seniority but its being a learner, we want to learn. Elders, Deacons, ministers, professionals were seated together and learned the new songs with brother Daniel. Games organized by the youth which for the adults and young people, the older now learned a lot from the youth, I seated with a 17 years old and learned some about computer, I listened to a 1 year old brother in Christ as he shared the lessons, which that I observed from the Elders,Deacons, Ministers at PP. How good to hear if someone says/we say... I don't know... if we really don't know. The story of the Eunuch reminded as when he answered Philip..... how can I know.. Unless someone explain... ..vv.31 (Acts 8: 26-39)

Persuasion- Not only persuading people outside the Church but it is inside the Church. Members are getting involve in the work of the Church because of the persuasion done with the Elders, Deacons and ministers or individual. Brother Henry shared That PP Church became a self sufficient because of the Involvement of the members to the Church work, with the persuasion done by the leaders, they were convinced to buy buy inn or helping the work of the Church; I'm looking forward that I can see and done to our congregation in Cebu. (Christ said... teaching them to observe all things whatsoever I have commanded you... Matthew 28:20)

Leadership- A well known author says: "Leadership is influence nothing more nothing less"...leadership is important to every organizations, companies, and other groups. I was blessed ,For I've met and talked with people who has leadership. The First family who hosted me in fort gardens has a good Leadership, from the father, mother to the 3 children,they Influenced people around them, also my second host. Our Bus Captain (brown) and camp emcee has a good leadership, he influenced others everybody will listen to him, the youth as they lead the games, everyone followed them, I believe this (leadership) is one Of the bone of a solid and growing congregation. The Sayings: "Leadership is for service not for power", and I Observed that before, during and after the camp. When Nehemiah, rebuilding the wall, you can see his good Leadership in leading a thousands of people as they rebuild The wall. (Book of Nehemiah)

Attitude- Sometimes people do give their whole trust because of being a Christian. As we shown and act the way we are,

it reflects to our personality, whoever and whatever races we came from. Christ said in John 13.." Men will know that you are My disciples if you love one another"...vv35.... Be holy for I am holy... I Peter 1:16...we serve as an example to others. One memorable experienced we have in Singapore was on June 14, after our worship service at PP, and we walked about 10 to 15 minutes going to Blooies restaurant where we took our lunch, brother Ken and sister Debbi used to be our host at that time, after the first ordered served (roll union???) brother Ken ask to pray first, then brother Erwin Panday prayed for the food, unknowingly the guy who served the food for us was then observed and was surprised, thinking that he only seen few people who pray before meals. immediately he ask if we're Christian, and I've seen on his face the joy and happiness as he met us, his name is frank, it sense like he wants to talk and be with Christians since he introduce himself as Christian. One thing that we're surprised was we're done our lunch at Blooies free. (brother Ken will gave the details on that.. he was surprised too.) one thing frank expressed at that time was he felt happy to met Christian like us. Please do visit him... (Remember Gal.2:20) (Thanks to Brother Ken and sister Debbi McCumsey)

Commissioning-This is a common to us, as we accept Christ in our lives, it is our responsibility to GO and preach the gospel of Christ. On the Last Day of Camp, it was a great gatherings inside to the four corners of the carpeted room that all of the people inside are full of talents, different personality, different countries. But have one purpose, one hope in a one Church. A very powerful prayers lead by the Elders, Deacons, Ministers for all. It was reminded to us the task, responsibilities that God given to us. Let us work one another, using our talents as we go and preach the gospel to the marketplace and lets pray for one another.
Thanks to brother Winston. (Matthew 28:19-20)

Empowering-been observed before, during and after the Camp. different task, roles, given to all members at PP congregation. the young generation were empowered or delegated to great task, Roles, responsibilities. I know this can be a preparations for them to the next and coming generations. this could be a part of mentoring, self duplicating in which we've seen the result to the youth and new members of the Church.

Brethren, once again I am thankful to God and to all of you for I Was a part of your camp this year 2009. It's a blessings to us all Filipino preachers who joined and our congregation here at Lapu-Lapu City Cebu and to my family as well. Truly, we can see the value of being 2 are better than one, we can't do great things without a helper, co workers. Continue to include me into your daily prayers.

God bless us all..
